

DANCE OF LOVE

A ONE DAY EXPLORATION

Traverse the Magnificent Journey of your life via mythic avenues of archetypal story. Discover the treasure that is you; the original you that has always been.

We will gather at a retreat center in the Hocking Hills with trancedance, shamanic journey, storytelling, mask-making and music. Participants are encouraged to bring drums, rattles, costuming and journals to the class. You will come away with a deeper understanding of the natural flow of the endings and beginnings of life and how it can apply to your own experiences for a deeper connection in relation to yourself and others, and self-awareness in your own body, mind, emotions, spirit and soul.

Rita Carnevale, L.M.T. Natural Healing and Trancedance Facilitator, has been offering trancedance classes since 2001 and hosts Spiritmoves Trancedance with the live band 7th House Moon in Cols. Ohio. For more info on classes and healing/massage www.spiritmovesilluminated.com 614-432-4681
